

This is a survey on Coronavirus (COVID-19) and contact tracing applications by researchers at The University of Adelaide. We will only collect non-identifiable personal information, *e.g.*, gender, age range and nationality, and will not put you at any risk for harm.

You do not have to answer any question that makes you uncomfortable. In order to participate, you must be at least 18 years old, regularly use a smartphone, and are able to complete the survey in English. We expect this survey will take about 15-20 minutes to complete.

I am over 18 years old. I acknowledge that my gender, age range, and nationality could be collected by this survey and my answers to this survey may be published in an academic research.

1) What is your age?

- Under 20 years old
- 20-24 years old
- 25-29 years old
- 30-34 years old
- 35-39 years old
- 40-44 years old
- 45-49 years old
- 50-54 years old
- 55-59 years old
- 60-64 years old
- 65-69 years old
- 70 years or older

2) What is the highest degree or level of school you have completed? If currently enrolled, the highest degree received.

- Did not graduate high school
- Graduated high school
- Graduated high school

3) To which gender identify do you most identify?

- Female
- Male
- Other
- Prefer not to say

4) What is your nationality? \_\_\_\_\_

5) How likely would you be to install and use an app that is able to **accurately** detect and notify you that you were exposed, but actually you were not?

- Extremely likely
- Somewhat likely
- Neither likely nor unlikely
- Somewhat unlikely
- Extremely unlikely

6) How likely would you be to install and use an app that may **have a chance to incorrectly (false positively)** detect and notify you that you were exposed, but actually you were not?

- Extremely likely
- Somewhat likely
- Neither likely nor unlikely

- Somewhat unlikely
- Extremely unlikely

7) How likely would you be to install and use an app that may **have a chance to fail (false negatively)** to detect that you were exposed and not notify you in time?

- Extremely likely
- Somewhat likely
- Neither likely nor unlikely
- Somewhat unlikely
- Extremely unlikely

8) How likely would you be to install and use an app that shares your **location data with other users** for the purposes of studying or mitigating the spread of COVID-19?

- Extremely likely
- Somewhat likely
- Neither likely nor unlikely
- Somewhat unlikely
- Extremely unlikely

9) How likely would you be to install and use an app that shares your **location data with your government or health authorities** for the purposes of studying or mitigating the spread of COVID-19?

- Extremely likely
- Somewhat likely
- Neither likely nor unlikely
- Somewhat unlikely
- Extremely unlikely

10) How likely would you be to install and use an app that shares your **phone number and postcode with other users** for the purposes of studying or mitigating the spread of COVID-19?

- Extremely likely
- Somewhat likely
- Neither likely nor unlikely
- Somewhat unlikely
- Extremely unlikely

11) How likely would you be to install and use an app that shares your **phone number and postcode with your government or health authorities** for the purposes of studying or mitigating the spread of COVID-19?

- Extremely likely
- Somewhat likely
- Neither likely nor unlikely
- Somewhat unlikely
- Extremely unlikely

12) How likely would you be to install and use an app that shares your **anonymous identification with other users** for the purposes of studying or mitigating the spread of COVID-19?

- Extremely likely
- Somewhat likely
- Neither likely nor unlikely
- Somewhat unlikely

- Extremely unlikely
- 13) How likely would you be to install and use an app that shares your **anonymous identification with your government or health authorities** for the purposes of studying or mitigating the spread of COVID-19?
- Extremely likely  
 Somewhat likely  
 Neither likely nor unlikely  
 Somewhat unlikely  
 Extremely unlikely
- 14) How likely would you be to install and use an app that **shares no information with other users or your government** for the purposes of studying or mitigating the spread of COVID-19?
- Extremely likely  
 Somewhat likely  
 Neither likely nor unlikely  
 Somewhat unlikely  
 Extremely unlikely
- 15) If you tested positive of COVID-19, how likely would you be to **upload your location** data for the past two weeks?
- Extremely likely  
 Somewhat likely  
 Neither likely nor unlikely  
 Somewhat unlikely  
 Extremely unlikely
- 16) If you tested positive of COVID-19, how likely would you be to **upload your proximity data** (who have been in the proximity of your phone) for the past two weeks?
- Extremely likely  
 Somewhat likely  
 Neither likely nor unlikely  
 Somewhat unlikely  
 Extremely unlikely
- 17) If you tested positive of COVID-19, how likely would you be to **upload your anonymous tokens** for the past two weeks?
- Extremely likely  
 Somewhat likely  
 Neither likely nor unlikely  
 Somewhat unlikely  
 Extremely unlikely
- 18) When you use a contact tracing application, how concerned are you about **battery drain** on your phone?
- Very unconcerned  
 Somewhat unconcerned  
 Neither unconcerned nor concerned  
 Somewhat concerned  
 Very concerned
- 19) When you use a contact tracing application, how concerned are you about **privacy issues**?
- Very unconcerned  
 Somewhat unconcerned  
 Neither unconcerned nor concerned  
 Somewhat concerned  
 Very concerned
- 20) When you use a contact tracing application, how concerned are you about whether it is **easy-to-use**?
- Very unconcerned  
 Somewhat unconcerned  
 Neither unconcerned nor concerned  
 Somewhat concerned  
 Very concerned
- 21) When you use a contact tracing application, how concerned are you about its **accuracy**?
- Very unconcerned  
 Somewhat unconcerned  
 Neither unconcerned nor concerned  
 Somewhat concerned  
 Very concerned
- 22) When you use a contact tracing application, how concerned are you about **storage drain** on your phone?
- Very unconcerned  
 Somewhat unconcerned  
 Neither unconcerned nor concerned  
 Somewhat concerned  
 Very concerned
